EXECUTIVE COMMITTEE:

LELAND STANFORD, J. H. CARROLL, ROBT. HAMILTON, SAM'L LAVENSON, JAMES CAROLAN.

EIGHT REASONS WHY YOU SHOULD INSURE YOUR LIFE IN

The Pacific Mutual Life Insurance Co.

BECAUSE it stands among the best companies in the country, and is past the day of experiments.

BECAUSE it is purely mutual, all the profits from the insurance business, over and above Expenses and Losses, being divided among Policy-holders alone.

BECAUSE it has as large a percentage of assets to liabilities as any Life Insurance Company in the country.

BECAUSE its Policies are absolutely Non-forfeitable under the operations of the California Non-forfeiture Law.

BECAUSE its Policies are Exempt by Law from Execution where the Premium does not exceed $500 per annum.

BECAUSE it will pay a cash surrender value for its Policies after the first year.

BECAUSE it issues every description of approved LIFE, ENDOWMENT and JOINT LIFE POLICIES, payable in Gold or Currency at the option of the Insurer, at rates as low as other mutual companies.

BECAUSE it receives a Higher Rate of Interest on its investments than is received by any other Life Insurance Company in the country.

PREFACE.

Since our last issue of the SACRAMENTO DIRECTORY, but little of general interest during the past year can be added to that already heralded by the press. The growth of the city is steadily going on. We have become a city of more than 21,000 inhabitants; the second, in point of population and wealth, of the cities of the coast. In short, Sacramento is giving evidence that her progress is onward, and that she may be regarded as a growing city.

Our present volume contains over 7,000 names, and in addition thereto, a vast amount of statistical information; a complete Post Office Directory of the Pacific Coast and Territories; information concerning mailable matter; a complete list of Wells, Fargo & Co.'s offices; Western Union and Atlantic and Pacific Telegraph Companies' offices, with the rates charged for messages to the various points on the coast. The Business Directory will be found of especial value for reference, reflecting at a glance the various trades and professions, alphabetically arranged and classified. We have spared no labor in making this Directory as near correct as a work of the kind can be made, and have endeavored to issue a work whose influence abroad, in giving Sacramento a prominent position among our cities, may induce many an immigrant to make his home in our beautiful city of the plains, and invite capital to further our already prosperous industries.

To our patrons we tender our hearty thanks for their generous patronage; particularly to our advertisers, without which support it would be impossible to publish the Directory at a price which would bring the possession of a copy within the means of all who are now subscribers.

Entered, according to Act of Congress, in the Year of our Lord One Thousand Eight Hundred and Seventy-five,

By H. S. CROCKER & COMPANY,

In the Office of the Librarian of Congress, at Washington.

POST OFFICE REGULATIONS.

Mailable Matter.

Mailable matter is divided into three classes, viz:

1. Letters.
2. Regular printed matter.
3. Miscellaneous matter.

First Class.—This class embraces all correspondence, wholly or partly in writing, except *book*-manuscript and corrected proof-sheets passing between authors and publishers, local or drop letters, and U. S. postal cards.

Second Class.—This class embraces all matter exclusively in print, and regularly issued at stated periods from a known office of publication, without addition by writing, mark, or sign.

Third Class.—This class embraces all pamphlets, occasional publications, transient newspapers, magazines, handbills, posters, unsealed circulars, prospectuses, books, book-manuscript, proof-sheets, corrected proof-sheets, maps, prints, engravings, blanks, flexible patterns, articles of merchandise, sample-cards, phonographic paper, letter envelopes, postal envelopes and wrappers, cards, plain and ornamental paper, photographic representations of different types, seeds, cuttings, bulbs, roots, scions, and all other matter which may be declared mailable by law, and all other articles not above the weight prescribed by law, which are not, from their form or nature, liable to destroy, deface, or otherwise injure the contents of the mail-bag, or the person of any one engaged in the postal service.

The weight of any package to be sent in the mail shall not exceed four pounds, except documents printed by order of Congress or emanating from any of the Executive Departments.

Packages containing liquids, poisons, glass, explosive chemicals, or any other matter liable to deface or destroy the contents of the

mail, or injure the person of any one connected with the service, must be rigidly excluded from the mails. If such matter be found in any post office, or in any mail pouch or sack, it must be retained by the postmaster, and the Department (Third Assistant Postmaster General) notified of the fact, when instructions will be given as to its disposition. If found by a postal clerk or route agent, it must be delivered to the post office at the end of the route, where it will be treated as above directed.

All books, pamphlets, circulars, paints, etc., of an obscene, vulgar or indecent character, all letters or circulars concerning illegal * lotteries, so-called gift concerts, or other similar enterprise offering prizes, or concerning schemes devised and intended to deceive and defraud the public, for the purpose of obtaining money under false pretenses, must be withdrawn from the mails by postmasters at either the office of mailing or the office of delivery. Postmasters will promptly notice violations of this section, and when the party by whom such matter is mailed is known with any degree of certainty, the attention of the United States Attorney for the district must be called to the case, and the evidence necessary for conviction, including the matter in question, placed in his hands. (See Sections 148 and 149 of the law.) The case must also be reported to the special agent of the Department for the district, and all the facts at once communicated to the Department (Second Assistant Postmaster General, Division of Mail Depredations and Special Agents). Should the party by whom the matter is mailed not be known, it must be sent to the Third Assistant Postmaster General, in a securely sealed package, and a letter advising him of the transmission of the package sent by the same mail, *but in a separate envelope.*

All letters, upon the envelope of which, or postal card, upon which scurrilous epithets have been written or printed, or disloyal devices printed or engraved, must also be rigidly excluded from the mails. Such matter must be forwarded to the Dead-Letter Office, marked as "unmailable."

To *inclose* or conceal a letter, *or other thing* (except bills and receipts for subscriptions), *in*, or to write or print anything, after

* Lottery schemes sanctioned by enactments of State Legislatures, are held to be legal, and letters and circulars concerning such will be allowed to pass through the mails.

its publication, *upon* any newspaper, pamphlet, magazine, or other printed matter, is illegal, and subjects such printed matter, and the entire package of which it is a part, *to letter postage*, and also subjects the offender to a *fine of five dollars* for every such offense; and in such cases, if the person addressed refuse to pay such letter postage, the package must be returned to the office at which it was mailed, in order that the postmaster may cause the offender to be prosecuted for the penalty.

A business card printed or impressed on the wrapper or envelope of any printed matter, or a simple mark designed to call attention to any article in such printed matter, does not subject it to letter postage.

Rates of Postage on Domestic Mail-Matter.

[NOTE.—The weight of any package to be sent by mail must not exceed four pounds, except books and documents printed by order of Congress, or emanating from any of the executive departments.]

The following are the rates of postage chargeable on DOMESTIC mail-matter of the different classes:

The mode of computing the rates upon inland letters (*i. e.*, letters from one office within the United States to another), is as follows, to wit: Single rate if not exceeding half an ounce; double rate if exceeding half an ounce, but not exceeding an ounce; treble rate if exceeding an ounce, but not exceeding an ounce and a half; and so on, charging an additional rate for every additional half ounce or fraction of half an ounce.

A single rate of three cents is uniformly established on domestic letters.

At the post office where letters brought by vessels or steamboats not employed in carrying the mail from any domestic or foreign port, are deposited, they will be charged with double rates of postage, to be collected at the office of delivery—that is to say, six cents for the single weight if mailed, and four cents the single weight if delivered at the office; but if such letter has been prepaid by United States stamps at such double rate of postage, no additional charge will be made. If only partly prepaid by stamps, the unpaid balance will be charged and collected on delivery.

If such letter is addressed to any point in a foreign country no fee will be allowed thereon by the postmaster to the carrier.

RATES OF POSTAGE ON FIRST-CLASS MATTER.

On letters, sealed packages, mail-matter wholly or partly in writing, except book manuscript and corrected proofs passing between authors and publishers, and except local or drop letters, or United States postal cards; all printed matter so marked as to convey any other or further information than is conveyed by the original print, except the correction of mere typographical errors; all matter otherwise chargeable with letter postage, but which is so wrapped or secured that it cannot be conveniently examined by postmasters without destroying the wrapper or envelope; all packages containing matter not in itself chargeable with letter postage, but in which is enclosed or concealed any letter, memorandum, or other thing chargeable with letter postage, or upon which is any writing or memorandum; all matter to which no specific rate of postage is assigned; and manuscript for publication in newspapers, magazines, or periodicals, *three cents for each half ounce or fraction thereof.*

On local or drop letters, at offices where free delivery by carriers is established, *two cents for each half ounce or fraction thereof.*

On local or drop letters, at offices where free delivery by carriers is not established, *one cent for each half ounce or fraction thereof.*

RATES OF POSTAGE ON SECOND-CLASS MATTER.

Mailable matter of this class embraces all newspapers, magazines, and periodicals, exclusively in print, and regularly issued at stated periods from a known office of publication, without addition by writing, mark, or sign, and addressed to regular subscribers.

A regular subscriber is a person who has actually paid, or undertaken to pay, a subscription price for a newspaper, magazine, or other periodical, or for whom such payment has been made or undertaken to be made by some other person. But, in the latter case, such payment must have been made or undertaken with the previous consent, or at the previous request of the person to whom such newspaper, magazine, or periodical is sent, and the subscription must be for not less than three months. A person to whom any such publication is sent without his consent or request, is not a "regular subscriber" within the meaning of the law, and

double transient rates of postage must be charged and collected on such publications before delivery.

Act of June 23, 1874, is as follows:—

SEC. 5. That on and after the 1st day of January, 1875, all newspapers and periodical publications mailed from a known office of publication or news agency, and addressed to regular subscribers or news agents, postage shall be charged at the following rates: On newspapers and periodical publications, issued weekly and oftener, 2 cents a pound or fraction thereof; less frequently, 3 cents a pound or fraction thereof: *provided*, that nothing in this Act shall be held to change or amend section 99 of the Act entitled "An Act to revise, consolidate and amend the Statutes relating to the Post Office Department," approved June 8, 1872.

This section provided that on and after the first day of January, 1875, "all newspapers and periodical publications mailed from a known office of publication or news agency, and addressed to regular subscribers or news agents," shall be divided into two classes, and fixes the postage on each as follows:—

(1.) On all newspapers and periodical publications, addressed and mailed as above prescribed, and issued weekly or oftener, 2 cents a pound or fraction thereof.

(2.) On all newspapers and periodical publications, addressed and mailed as above prescribed, and issued *less* frequently than once a week, 3 cents a pound or fraction thereof.

SEC. 6. That on and after the 1st day of January, 1875, upon the receipt of such newspapers and periodical publications at the office of mailing, they shall be weighed in bulk, and postage paid thereon by a special adhesive stamp, to be devised and furnished by the Postmaster-General, which shall be affixed to such matter, or to the sack containing the same, or upon a memorandum of such mailing, or otherwise, as the Postmaster General may, from time to time, provide by regulation.

Under this section, on and after the 1st day of January, 1875, publishers and news agents shall tender their newspapers and periodicals intended to be sent through the mails at the office of mailing, properly assorted into the two classes described above, so that they may be weighed in bulk separately. The postage thereon must be prepaid, according to the weight of the sacks, by "special adhesive stamps," furnished by the Department for that

purpose; ordinary postage stamps cannot be used for this purpose, nor can these special adhesive stamps be used for any other purpose.

After weighing the mail matter (mentioned in the foregoing fifth section) received from a publisher or news agent, the postmaster will collect the proper amount of postage, and give a receipt from a book of blank forms furnished by the Department for this purpose.* The stamps will then be affixed to the stub of the receipt, and perforated with a punch for cancellation, and the blank spaces in the stub will be properly filled.

The stub books are to be kept permanently in the post office, ready to be produced whenever demanded by the Department.

Postmasters will also be required to render promptly, at the close of each quarter, on blank forms furnished for the purpose, a statement of postage collected from each publisher or news agent during the quarter.

The special adhesive stamps, or newspaper and periodical stamps, as they have been termed, will be charged to postmasters and accounted for in the same manner as ordinary postage stamps issued for sale to the public.

The weights of the sacks usually employed for this purpose (transmitting newspapers and periodicals from the office of publication to the post office) have been ascertained by actually weighing them, to be as follows:—

	lbs.	oz.
No. 1, jute sack	2	8
No. 2, jute sack	2	0
No. 1, cotton	3	4
No. 2, cotton	2	8

Postmasters are authorized to deduct the weights of the sacks as fixed above.

The proviso to section 5 of the law (above) is as follows: That nothing in this Act shall be held to change or amend section 99 of laws and regulations (edition 1873), page 61, as follows:—

*It is not necessary that a publisher shall purchase the "special adhesive stamps" referred to in preceding paragraph; the postage may be tendered in money and so received by the postmaster or his assistant, who must then affix the stamps "to the stub of the receipt," etc.

SEC. 99. That the rate of postage on newspapers, excepting weeklies, periodicals not exceeding two ounces in weight, and circulars, when the same are deposited in a letter-carrier office for delivery by the office or its carriers, shall be uniform at one cent each; periodicals weighing more than two ounces shall be subject to a postage of two cents each, and these rates shall be prepaid by stamps.

LOCAL PAPERS, ETC., AT LETTER-CARRIER OFFICES.

Under this section the postage on newspapers (excepting weeklies), periodicals and circulars deposited in a letter-carrier office for delivery by the office (through the box or general delivery), or by its carriers, is as follows:—

1. On newspapers (excepting weeklies), whether regular or transient, and without regard to weight or frequency of issue, one cent each.

2. On periodicals (other than newspapers), whether regular or transient, not exceeding two ounces in weight, one cent each.

3. On periodicals (other than newspapers), whether regular or transient, exceeding two ounces in weight, two cents each.

4. Circulars, unsealed, one cent each. These rates to be prepaid by postage stamps affixed.

5. Weekly newspapers (excepted above) to regular subscribers, two cents per pound, to be weighed in bulk, and prepaid at the office mailing.

6. Weekly newspapers to transient parties one cent for each two ounces or fraction thereof, to be prepaid by postage stamps affixed.

SEC. 7. That newspapers, one copy to each actual subscriber residing within the county where the same are printed, in whole or in part, and published, shall go free through the mails; but the same shall not be delivered at letter-carrier offices or distribued by carriers unless postage is paid thereon as by law provided.

COUNTY PAPERS.

Newspapers (without regard to frequency of issue), one copy to each subscriber actually for the time being *residing* in the county where the same are printed, in whole or in part, and published, are entitled to pass free of postage through the mails; but the rate of postage on the same (excepting weeklies) when deposited

in a letter-carrier office for delivery by the office or its carriers, shall be uniform, at one cent each. Weeklies, when sent through the mails to, or deposited in a letter-carrier office in the county where the same are printed, in whole or in part, and published, to be delivered through the box or general delivery, or by carriers, shall be weighed in bulk and be subject to a postage of two cents per pound, to be prepaid at the mailing office by special adhesive stamps.

Publishers of newspapers may, without subjecting them to extra postage, fold within their regular issues a supplement; but in all cases the added matter must be a genuine supplement, that is, matter supplied in order to complete that to which it is added or supplemented, but left out of the regular issue for want of space, time, or greater convenience. As used in relation to newspapers, a supplement is held to be matter proper to be inserted in the newspaper to which it is supplied, but has not been for want of space, or want of time, or because it is more convenient regarding space or time, or either, that it should be printed on a separate sheet. It is not indispensable, or necessary, that the sheet should be printed at the office of the newspaper to which it is intended to be a supplement; but if printed there or elsewhere, to be considered or treated as a supplement it must be printed with the intention and purpose only of supplying an omission in that particular issue of the newspaper to which it professes to be a supplement, and not for another distinct and separate use. It should have direct relation to the paper supplemented, and without which the paper supplemented would be incomplete.

Publishers of newspapers cannot send specimen numbers of their papers to postmasters and others without prepaying postage thereon. Prospectuses of newspapers, whether accompanying the same or sent separately, are to be charged as circulars, and postage required in advance.

The following are the rates of postage, to be prepaid, on newspapers and periodicals sent to actual subscribers from a known office of publication:

Newspapers and periodicals, one copy to each actual subscriber residing within the county where the same are printed, in whole or in part, and published, except at letter-carrier offices, free.

Newspapers and periodicals, each, except at letter-carrier offices, two cents per pound. Semi-monthly, monthly and quarterly, three cents per pound.

Bona fide subscribers to county newspapers can receive the same free of postage if they *reside* in the county in which the paper is printed, in whole or in part, and published, even if the office to which the paper is sent is without the county, provided it is the office at which they regularly receive their mail matter.

Publications issued without disclosing the office of publication, or containing a fictitious statement thereof, or issued for gratuitous distribution, must not be forwarded unless prepaid at the mailing office at the rate for third-class matter; that they may be addressed to persons residing in the county with the office where they are mailed, or printed and published, makes no difference.

RATES OF POSTAGE ON THIRD-CLASS MATTER.

Mailable matter of the third class embraces all pamphlets, occasional publications, transient newspapers, magazines, handbills, posters, unsealed circulars, prospectuses, books, book-manuscript, proof-sheets, corrected proof-sheets, maps, prints, engravings, blanks, flexible patterns, articles of merchandise, sample cards, phonographic paper, letter envelopes, postal envelopes and wrappers, cards, plain and ornamental paper, photographic representations of different types, seeds, cuttings, bulbs, roots, scions, and all other matter which may be declared mailable by law, and other articles not above the weight prescribed by law, which are not, from their form or nature, liable to destroy, deface or otherwise injure the contents of the mail-bag or the person of any one engaged in the postal service. Postage, one cent for each ~~two~~ ounces or fraction thereof.

All packages of matter of the third class must be so wrapped or enveloped, with open sides or ends, that their contents may be readily and thoroughly examined by postmasters without destroying the wrappers; but seeds, and other articles liable, from their form or nature, to loss or damage unless specially protected, may be inclosed in unsealed bags or boxes which can readily be opened for examination of the contents and reclosed; or sealed bags, made of material sufficiently transparent to show the contents clearly, without opening, may be used for such matter.

A man's dependent family has a sacred right to his continued support, be he living or dead.

Carriage and Wagon Hardware, Axles, etc. See p. iii.

No writing will be permitted upon articles of this class, or their wrappers or envelopes, except the address of destination. Any other writing in or upon any package or article of this class will subject it to letter rates of postage.

Matter of the third class inclosed in sealed envelopes notched at the ends or side, or with the corners cut off, cannot be mailed except at letter postage rates.

Matter of the second and third classes, containing any writing whatever, except the address, will be charged with letter postage.

POSTAL CARDS.

The postage of one cent each is paid by the stamp impressed on these cards, and no further payment is required.

In using postal cards, be careful not to write or have anything printed on the side to be used for the address, except the address; also be careful not to paste, gum, or attach anything to them. They are unmailable as postal cards when these suggestions are disregarded.

No card is a "postal card" exccpt such as are issued by the Post Office Department. Cards issued by private parties as postal cards, containing any writing in addition to an address, are subject to letter postage.

THE FOLLOWING ARTICLES ARE UNMAILABLE:

Packages containing liquids, poisons, glass, explosive chemicals, live animals, sharp pointed instruments, sugar, flour, or any other matter liable to deface or destroy the contents of the mail, or injure the person of any one connected with the service. All letters upon the envelope of which, or postal card upon which obscene, scurrilous, or abusive epithets have been written or printed, or disloyal devices printed or engraved, and letters or circulars concerning illegal lotteries, so called gift concerts or other similar enterprises offering prizes, or concerning schemes devised and intended to deceive and defraud the public. Also, all obscene, lewd, or lascivious books, pamphlets, pictures, papers, prints, or other publications of an indecent character.

Registration of Domestic Letters.

The Post Office Department or its revenue is not by law liable for the loss of any registered mail matter.

Only letters, or other mail matter on which letter rate of postage is fully prepaid, can be registered for transmission between post offices in the United States or Territories.

The fee for registering a *domestic* letter, *i. e.*, a letter mailed at any post office in the United States or Territories, and addressed to any other office in the United States or Territories, is fixed at eight cents, *in addition to the regular letter rate of postage.*

Postmasters are *required* to register all letters properly presented for that purpose, but no letters are to be registered on Sunday.

When a "domestic" letter is presented for registration, *the postmaster must require the name and post office address of the sender to be indorsed on the face of the envelope*, which must bear stamps of sufficient value to prepay both postage and registry fee.

In case a package too large to be inclosed in a registered package is presented for registration at any post office, it should be securely wrapped, and a registered package properly directed and numbered, secured to the wrapper by paste, twine, or otherwise, in such manner that it will not become displaced before reaching its destination.

Letters addressed to initials, unless directed to a specific street and number, or post office box, cannot be registered; neither can liquids, poisons, glass, explosive materials, live animals, sharp-pointed instruments, obscene books or pictures, or any articles which from their form or nature are liable to destroy, deface, or otherwise injure the contents of the mail-bags, or the person of any one engaged in the postal service.

Postmasters should not make any inquiry as to the contents of letters presented for registration further than to ascertain whether or not they are by law excluded from the mails. *They must not therefore, in any case, give a receipt showing the contents of a registered letter.*

The registry fee must be paid on each letter presented. Two

or more letters, though addressed to the same person, cannot be tied or otherwise fastened together and registered as one letter.

There is nothing in the postal law to prohibit a person from sending more than one letter in a package to one address when such package is prepaid in full at letter rates of postage, nor is there any objection to two persons remitting money to the same address in one registered letter, when the postage is paid in full at letter rates on such package in addition to the fee for registering. The name and address, however, of *only one* of the senders must be written on the envelope.

Registered letters must never be delivered to any person but the one to whom they are addressed, or to a person whom the postmaster knows to be authorized to receive them.

If on the receipt of a registered letter, it is found that the person addressed is dead, the letter may be delivered to the legal representative of the deceased, who must be either the executor of the will, or the administrator of the estate of the deceased, and who produces proof of the fact, which proof the postmaster must retain for future reference. In some States the residuary legatee named in a will is allowed, on giving bonds for the proper fulfillment and execution of its provisions, to become the executor. In any such case such person is, upon presentation of the necessary proof, to be considered the legal representative of the deceased. Registered letters addressed to persons who have been declared insane by competent authority should also be treated as above; but in both cases, in the absence of any legal representative, such registered letters must be returned to the mailing office for delivery to the sender.

A registered letter is not subject to attachment while in the hands of a postmaster, before its delivery, as the Department holds it in *custodia legis* for delivering to the person addressed, or to his or her order. A postmaster acting in virtue of his office, and refusing to deliver letters on a process issued by a State court, will readily be purged of any alleged contempt of such process; and in case of any conflict with a State law, he, acting in the line of his duty, will have protection by the law which governs the transmission of sealed letters.

After a registered letter has been deposited in a post office for

transmission, it cannot be recalled by the sender, but must be sent to the destination named in its address. If not delivered, it will be returned in accordance with the registered letter regulations.

REGISTRATION OF LETTERS CONTAINING FRACTIONAL CURRENCY FORWARDED TO THE TREASURER OF THE UNITED STATES FOR REDEMPTION.

It is the duty of postmasters to register on prepayment of postage, *but without registry fee*, all letters containing fractional or other currency of the United States sent to the Treasurer of the United States for redemption, and delivered to them for mailing.

In every such case they will be governed by the following regulations:

First. They must require the contents of every such letter or package to be exhibited to them, with a descriptive list of the contents, giving an accurate and detailed description of the money to be remitted. In the case of fractional currency, the number and denomination of pieces will be sufficient; but of currency of the denomination of one dollar and upward, the letter, number of series, and date of each note, as well as the denomination must be given.

Second. The list must be carefully examined and compared with the money to be remitted, and when found to be correct will be filed in the office, to be subject at all times to the inspection of proper agents of the Post Office Department.

Third. The money must then be inclosed and the package sealed in the presence of the postmaster, who will then give the usual registered letters receipt therefor.

Fourth. The letter or package must then be disposed of in the same manner as is provided for other registered letters; but for the sake of further security, the postmaster must be ready to prove beyond question, in every case, *by a disinterested witness*, that such letter or package was duly mailed in the mode prescribed for registered letters; otherwise, should the letter or package be lost, he will be held responslble therefor.

The Postal Money-Order System of the United States.

The money-order system is intended to promote public convenience and to secure safety in the transfer through the mails of *small sums* of money. The principal means employed to attain safety consist in leaving out of the order the name of the payee or person for whom the money is intended. In this respect a money-order differs from an ordinary bank draft or check. An advice or notification, containing full particulars of the order, is transmitted without delay by the issuing postmaster to the postmaster at the office of payment. The latter is thus furnished, before the order itself is presented, with information which will enable him to prevent its payment to any person not entitled thereto, provided *the remitter complies* with the regulation of the Department which prohibits him from sending the same information in a letter inclosed with this order.

The following instructions are intended to secure payment of the order to the rightful party, and postmasters are required to enforce them rigidly in every respect, so far as a due regard to public convenience will permit. After once paying a money-order, by whomsoever presented, the Post Office Department will not be liable to any further claim therefor. The public are therefore strictly cautioned:

To take all means to prevent the loss of a money-order.

Never to send the order in the same letter with the information required on payment thereof.

To be careful on taking out a money-order to state correctly the given name as well as the surname, of the person in whose favor it is to be drawn.

To see that the name and address of the person taking out the money-order are correctly made known to the person in whose favor it is drawn.

Neglect of these instructions will risk the loss of money, besides leading to delay and trouble in obtaining payment.

Under no circumstances can payment of an order be demanded on the day of its issue.

The fees or charges for money-orders will be as follows:

" " over $30	"	"	"	$40	20 cents
" " over $40	"	"	"	$50	25 cents

When a larger sum than fifty dollars is required, additional orders to make it up must be obtained. But postmasters are instructed to refuse to issue in one day, to the same remitter and in favor of the same payee, more than *three* money-orders payable to the same post office. The plain evasion of this rule by the substitution of a different remitter for every three orders issued in one day in favor of the same payee must not be tolerated by postmasters.

The money-orders must be made out upon printed forms supplied by the Post Office Department, and no order will be valid or payable unless given upon one of such forms.

Any person applying for a money-order will be required to state the particulars upon a form of application, which will be furnished to him for that purpose by the postmaster.

If the purchaser of a money-order, from having made an error in stating the name of the office of payment, or for other reasons, desires to have the said money-order changed, the issuing postmaster will repay the first order, and issue another in lieu thereof, for which an additional fee must be charged and exacted as for a new transaction.

Parties procuring money-orders should examine them carefully, to see that they are properly filled up and stamped. This caution will appear the more necessary when it is understood that any defect in this respect will throw difficulties in the way of payment.

When a money-order is presented for payment at the office upon which it is drawn, the postmaster or authorized clerk will use ALL PROPER MEANS to assure himself that the applicant *is the person named and intended in the advice*, or is the indorsee of the latter; and upon payment of the order care must be taken to obtain the signature of the payee (or of the person authorized by him to receive payment) to the receipt on the face of the order.

When for any reason the payee of a money order does not desire or is unable to present the same in person, he is legally

Be wise TO-DAY, for Delays are Dangerous!

and Heavy Hardware, Iron, Steel. See adv. p. vii.

empowered, by his written indorsement thereon, to direct payment to be made to any other person; and it is the duty of the postmaster upon whom the order is drawn to pay the amount thereof to the person thus designated, provided the postmaster is satisfied that such indorsement is genuine, and that the second party shall, if required, *prove his identity*, and shall give correct information as to the name and address of the person who originally obtained the order. MORE THAN ONE INDORSEMENT IS PROHIBITED BY LAW, AND WILL RENDER AN ORDER INVALID AND NOT PAYABLE. The signature to the receipt on the face of the order *should be that of the person who presents and receives payment of the same.*

Any money-order office may repay an order issued by itself, *provided the order is less than one year old, and does not bear more than one indorsement;* but the repayment must be made to the person who obtained the order, except in special cases. The fee or charge will not in any case be refunded.

When the remitter of a money-order desires to change the place of payment of the same, or when a mistake has been made in drawing an order, through error of the remitter, the issuing postmaster is authorized, with the above restrictions, to take back the first order, which he will repay, and issue another in lieu thereof, for which an additional fee must be charged and exacted as on a new transaction. But should the mistake be made by the postmaster, he will be held responsible therefor, and must charge himself with the fee for issuing the new order. If the advice has gone forward to the post office upon which the original order was drawn, he will, by the first mail, dispatch a special notice, informing that office of the repayment of said order. The *special* advice is not to be used instead of the proper accompanying advice of the new order, but is additional to it. Under no circumstances must a postmaster issue a new order in lieu of another until the original order shall have been returned to him.

When a money-order has been lost by either remitter or payee, a duplicate thereof will be issued by the Department, free of charge to the owner of the original, provided he shall make application (stating the circumstances of the loss), to be forwarded by the issuing or the paying postmaster, from the former of whom he must obtain and furnish a certificate that the original order

had not been and would not be repaid, and also a similar certificate from the latter that the same had not been and would not be paid.

The issue of money orders on credit is strictly prohibited, under the severest penalties; and no moneys will be received by a postmaster in payment for money orders issued, except in United States Treasury notes or the notes of the national banks; nor can orders be paid in any other currency than that herein described. Checks are not to be received under any circumstances for the issue of money orders.

A money order may be issued for any amount from *one* cent up to *fifty dollars*, inclusive; but fractional parts of a cent must not be introduced into any money order or account.

The given names of both remitter and payee must be entered in the advice in full when possible; and married women must be described by their own names, and not by those of their husbands. Thus, the appellation "Mrs. *William* Brown" is defective, as it does not accurately describe the payee, whose true name may be Mrs. *Mary* Brown. Both names and sums must be written so legibly as to effectually guard against errors. When the applicant is unable to state the initials of the given name or names of the payee, the postmaster must refuse to issue the order. A money order should always be made payable to one person or to one firm only, and not to either of two or more designated persons or firms.

Where an order is presented for payment, the postmaster will first examine the document, to see that it is properly signed, stamped, etc.; he will then compare the date, number and amount with the advice or with the record thereof in the register of advices received, and satisfy himself, by questioning the applicant, and by such other means as may appear necessary, that the applicant is the person entitled to payment. Every person who presents a money order for payment *should be required to prove his identity to the postmaster, unless the latter is satisfied, without obtaining such proof*, that the applicant is the rightful owner of the order. Special caution should be exercised in the payment of orders issued in favor of women, or of soldiers and sailors. In the event of an order being paid to the wrong person through lack of nec-

essary precaution on the part of the postmaster, he will be held accountable for such payment. Care should be taken that the signature of the payee be as full as the name given in the advice, and that it be in no way inconsistent therewith. If the payee is unable to write, he must sign the receipt by making his mark, to be witnessed in writing. The witness should sign his name, with his address, in the presence of the postmaster, and the latter will then certify the payment by adding his own initials. The witness should be known to the postmaster, but it is desirable (though not imperative) that he be not connected with the office. In no case should the postmaster act as witness himself. It is not necessary that the witness should be personally acquainted with the payee.

When an order is presented for which no advice has been received, one of the printed letters of inquiry for missing advices (Form No. 21) must at once be dispatched to the postmaster who issued the order. Under no circumstances whatever can an order be paid until the corresponding advice shall have been received.

Postmasters are prohibited from paying a money order to a second person without the written indorsement to such second person by the payee on the back of the order, unless the payee has by a duly executed power of attorney, designated and appointed some person to collect moneys due or to become due him, in which case the attorney should be required before payment is made him, to file at the office of payment a certified copy of such power of attorney. When orders are paid upon an indorsement, the *utmost caution should be exercised*, and before paying them the postmaster must be satisfied that the signature to the indorsement is genuine, and that the person presenting the order is the one named in the indorsement. The person presenting the order should be required, if unknown to the postmaster, to prove his identity. The name of the indorsee to whom an order is paid should be entered in the column of "Remarks" in the "register of advices received."

After once paying a money order, by whomsoever presented, provided the required information has been given by the party who presented it, the Department will not hold itself liable to any further claim, but in case of improper payment of an order, will endeavor to recover the amount for the owner.

In case a money order is lost in transmission, or otherwise, a duplicate will be issued by the superintendent of the money order system, on the receipt of the application therefor of either the remitter, the payee, or the indorsee of the original. Such application should be made on Form No. 7, and should be forwarded to the Department by the issuing or paying postmaster. The duplicate can be made payable only to the payee, or, in case of indorsement, to the indorsee of the original, unless the written consent of the payee or indorsee to the repayment of the order, by duplicate, to the remitter, shall have been obtained by the latter, and duly filed in the Department. Such written consent must bear a certificate as to its genuineness from the postmaster on whom the original was drawn. If the owner of the order (whether payee or indorsee), or his legal representative, *cannot after the lapse of a reasonable time, be found*, the remitter should forward to the Department satisfactory evidence of that fact, if he desire repayment. A blank bond of indemnity, in a penal sum of double the amount of the lost money order, will then be sent him, to be executed by himself and two sureties, and returned to the Department, the condition of such bond being that if, after the issue and payment of a duplicate order, to the remitter, any other person establishes a valid adverse claim to the original order, the amount so paid by duplicate shall be refunded to the Post Office Department. Upon full compliance with the above requirements, the remitter thus situated will receive a duplicate of the lost order.

A duplicate order can be drawn only on the issuing or the paying office of the original order, and becomes invalid if it bear more than one indorsement.

No fee is to be charged by a postmaster for the delivery of a duplicate issued in place of a lost or invalid order. The postmaster who receives from the Department a duplicate payable by him must forthwith send notice to the payee of such duplicate to call for payment. In paying a duplicate the postmaster is required to ascertain beyond a reasonable doubt the identity of the payee or indorsee thereof.

State Agricultural Society.

This society, during the past two years, and especially in the one just ended, has been of great benefit to the State in the way of introducing to our farmers specimens of the finest breed of horses, cattle, sheep, etc., to be found in the world. Nearly all the stock which the society, by its premiums, has induced stock-raisers from abroad to bring to the coast has been purchased and kept here, so that our State is rapidly taking a foremost rank among the older ones in the matter of blooded stock-breeding. The society is incorporated under a special act of the Legislature and is managed by a President and nine Directors.

The officers at present are: R. S. Carey, of Yolo, President; Robert Hamilton, Charles H. Ross, Chris. Green, Fred. Cox and J. J. Green, of Sacramento; Marion Biggs, of Butte; T. L. Chamberlain, of Placer; Coleman Younger, of Santa Clara; M. D.

Pitch, Oakum, Tar, Oars, all kinds of Wire. See p. iii.

Boruck, of San Francisco; R. T. Brown, of Sacramento (Treasurer); Robert Beck, of Sacramento (Secretary).

The President and three Directors are elected in January of each year.

The society is now in a most prosperous condition, having erected the past season a new grand stand at the Park, capable of seating 6,000 people, with every convenience needed for their comfort. They have also removed the northern portion of the east wall, widening the track thirty feet on the homestretch, and erected a large building for the exhibition of agricultural implements on the stock grounds. Over 100 new stables for stock have also been built at a cost of over $25,000.

Total receipts for 1874, $56,100 85. Expenditures—Paid for improvements and on real estate at Park, $31,397 94; paid for same at Pavilion, $1,000; paid last year's indebtedness, $459 43; paid premiums and expenditures in 1874, $32,572 61. Total, $65,429 98.

Fire Department.

The Sacramento Paid Fire Department was organized August 1st, 1872; has been well and ably managed, and, with its present efficient corps of officers and members, is, according to size, second to no department in the Union, and our city, with its abundant supply of water, is as well if not better protected against fire than any city of equal size in the United States, and our insurance should be at the very lowest rates.

The apparatus of the department is in good condition, and consists of three second-class steam fire engines (Amoskeag make), two hose carts, with 4,500 feet of carbolized rubber hose, one hook-and-ladder truck, with 114 feet of ladders, hooks, etc., and five good horses.

Following are the officers of the department: Commissioners—H. W. Bragg, H. C. Kirk and John Suverkrup; Secretary, L. A. Upson. Chief Engineer, Wm. B. Hunt; Assistant Engineer, C. Sullivan.

Engine No. 1—H. Burnham, foreman; J. M. Alwell, foreman of

Engine No. 2—J. M. Thompson, foreman; A. M. Howard, foreman of hose; E. H. Williams, engineer; Seth Wilson, fireman; M. Werner, driver of engine; Paxon McDowell, driver of hose. Engine extramen—John Swinerton, Robert Ash, Geo. W. Bragg, Harry De Yount. Hose extramen—James Crowan, O. H. Wing, Wm. Schwartz, J. K. Reed.

Hook and Ladder Company—W. D. Farrell, foreman; Al. Hapeman, driver. Extramen—P. F. Buckley, Henry Guthrie, Ed. Markham, John Rodgers, Robert Dawson, T. M. Howard.

The total expenses of the department for 1874 was $29,323 03. Of this amount $4,099 79 was paid for the relief engine, No. 3, and $3,000 for the engine house bought of Young America Engine Company No. 6—leaving the actual expense of running the department for the year, $22,223 24.

Exempt Firemen's Association.

The Exempt Firemen's Association of Sacramento was organized August 1st, 1872, in pursuance of an Act of the Legislature, passed April, 1872. It is composed of those members of the old volunteer fire department of Sacramento, who, by reason of five years' service in the department, or by operation of law, have become exempt from further services and from jury duty. Its objects are to relieve each other in cases of distress or death. The total number of members at present is 291. The elections are held on the 25th day of January in each year, and the officers at present are: Joseph Davis, President; John Suverkrup, First Vice-President; J. F. Suydam, Second Vice-President; Grove L. Johnson, Secretary; George A. Putnam, Treasurer. Trustees—John A. Mason, John F. Dreman, James H. Sullivan, J. A. Conboie, Daniel Brown, William Avery and W. C. Felch. The running expenses of the association are defrayed by the monthly dues of the mem-

bers. The charitable fund of the association, from which sick and funeral expenses are paid, amounts to about $38,000, and is under the management of the following five Trustees: C. C. Hayden, F. T. Burke, August Heisch, A. J. Rhoads and John Domingos, with C. C. Hayden as President, and the Secretary of the association Secretary. The association owns, under Act of the Legislature and by purchase, the house and lot on Eighth street, formerly occupied by Protection Engine Company, No. 2, of the Volunteer Fire Department, and will soon probably fit the same up for use. At present the association meets in the Masonic building, corner of K and Sixth streets, on the first Monday in each month.

haven, Leipzig, Nordhausen, Potsdam, Heidelberg, Luscinia and Kœnigs-Wusterhausen. They also have a Druid Singing Society, located at Luscinia. The order at Berlin, Prussia, have established an official Druidical paper known as the *Deutscher Erz Druide*. Carl Hunn is the editor thereof, and District Deputy Grand Arch for all Germany.

The Order wherever established is purely beneficial to its members irrespective of nationality or religious creeds. In England, Ireland, Scotland, the British Colonies and in Australia the Order is progressing as favorably as in the United States and Germany. The association teaches the rectitude of the duties of life and conforming to divine and human laws; inculcates the practice of doing good, performing acts of kindness, active goodness and charity in a beneficial way, and disposed to friendly converse and companionship. The ancient altars of Druidism bore such inscriptions as these: "Mortals, adore your God, love your brother and make yourselves useful to your Country;" "Man can only by his usefulness to man give evidence of love to God." Of the mysteries, Plato writes: "The design of initiation is to preserve the soul in a state of purity, and to that end only everything should tend to show the existence of virtue." Euripides says: "Happy is the man who has been initiated into these mysteries, for the goodly life of those who were initiated made the mysteries universally aspired after and advantageous, both in this life and hereafter." An historian says that "Pythagoras was probably the founder of Druidism, as this was the oldest of all secret institutions. The Druids derived their origin 550 years before the Christian era." "A colony of Phœnicians imported into Gaul the philosophy and arts of Greece, and prior to this period fraternities of Pythagoreans had been established in Greece."

Independent Order of Good Templars.

The Order of Good Templars sprang up in central New York in 1851. Profiting by the errors of the past, and crystalizing the best features of former organizations, it was welcomed for its systematic effort and thorough discipline, and thousands rapidly fell into the ranks. It held its membership of 50,000 during the war, and after its close people rapidly gathered around this nucleus. In 1867 its membership was nearly a quarter of a million, and a year later it was a full half million. Since that date it has spread over Great Britain, the isles of the Pacific, and the continent of

Sacramento Protestant Orphan Asylum.

The Asylum property includes the block of land situated between K aud L, Eighteenth and Nineteenth streets, with the improvements thereon. The society is called "The Sacramento Protestant Orphan Association," the object of which is to provide a home for orphan, half-orphan and destitute children. The Board of Managers consists of twelve members, though just at present there is a vacancy. The present incumbents are: Mrs. F. H. Russell, President; Mrs. W. H. Hobby, Secretary; Mrs. R. T. Brown, Treasurer; Mrs. Albert Gallatin, Mrs. M. T. Kirk, Mrs. J. D. Lord, Mrs. Robert Gardner, Mrs. S. Cushman, Mrs. C. W. Clarke, Mrs. Ed. Carlson and Mrs. Dr. Clayton. The regular meetings of the Board are held on the first Tuesday of each month. For the support of the inmates of the institution an annual allowance is made by the State of $50 for each half orphan, and $75 for each whole orphan, payable in quarterly payments; aside from this, assistance comes from subscriptions and donations, and the proceeds of an occasional entertainment gotten up for the benefit of the institution. During the year 58 children have been admitted, 25 have been provided with homes or been taken by some relative, and one has died. There are now 76 children in the Asylum, 32 of which number are under seven years of age. All that are six years and over attend public school regularly, also church and Sabbath-school. The help employed in the house consists of matron, seamstress and cook. Improvements during the year have not been thought of, the limited means being scarcely more than sufficient for the bare support of the inmates; still the

City and County Dispensary.

The object of this establishment is to give gratuitous advice and medicines to the indigent sick, and is under the charge of Dr. G. A. White, present City and County Physician, whose hours are from 2 to 4 P. M. It is located on Seventh street, near I, at the rear of the county court-house. The dispensary has proven to be a great blessing to the poor of the city, large numbers availing themselves of its advantages. None are treated who have contracted venereal diseases, or who are able to pay for advice and medicines.

Railroad Hospital.

This hospital is located at the corner of Thirteenth and C streets. Officers—J. R. Watson, Superintendent; A. B. Nixon, M. D., Surgeon and Physician; Robert Forbes, Steward; Charles H. Wilder, Clerk. The establishment contains six large wards and two private rooms. To each ward is attached water-closets, bath rooms and stationary wash stands supplied with hot and cold water. The building and grounds cost about $65,000, and the expense of maintaining the institution is paid by a monthly tax of fifty cents, deducted from the wages of all employees and officers of the company. It contains a library of 1,200 volumes of well-selected, valuable reading matter, exclusively for the use of the patients.

The following will show the amount of business transacted during the past year: Total number treated, 1,058; discharged cured, 1,023; deaths, 11; remaining in hospital, 24.

The deaths were from the following causes: Consumption, 2; pluro pneumonia, 1; pneumonia, 2; pyæmia, 1; Bright's disease of the kidneys, 1; aneurism of aorta, 1; typhoid fever, 1; railroad accident, 1; hepatitis, 1.

The death rate has been remarkably small for the number treated, and entitles the institution to a very high standing for salubrity and successful results.

Cemeteries.

CITY CEMETERY.—This cemetery is owned by the city and controlled by a superintendent elected by the Board of Trustees. It was located in 1850, on the southern boundary of the city limits, on Tenth street, and comprises about ten acres, beautifully ornamented with flowering plants, trees and shrubs. The Freemasons, Odd Fellows, firemen, printers, Pioneers, and the State, have plats within the inclosure.

SUNSET HILL CEMETERY.—A private cemetery, laid out in lots and plats, adjoining the City Cemetery on the south, and owned by J. A. Conboie.

HEBREW CEMETERY.—Owned by the Hebrew Benevolent Society, but under control of the Congregation B'nai Israel. A chapel has been erected on the grounds, which are well inclosed.

NEW HELVETIA CEMETERY.—Established as a place for the interment of the dead in 1849, and was the first used for the purpose in Sacramento. It is a private burial place, and is situated near the Hebrew cemetery, in the eastern part of town.

ST. JOSEPH'S CEMETERY.—Consecrated by Archbishop Alemany in 1865, and is located on Y and Twenty-first streets. It belongs to the congregation of St. Rose Church.

Private Schools.

Sacramento Seminary.—This educational institution has just completed the first half of its twelfth academic year. It was founded in the year 1863, by Hermon Perry and wife, its present proprietors and principals. The school has gradually and constantly increased in numbers, reputation and influence. By the people of Sacramento this is reckoned among the permanent and most valuable institutions, and its patrons in the surrounding country have learned from experience that it is a desirable place for the education of their daughters. There have been one hundred and thirty scholars in attendance during the past year, of whom forty-five were boarding scholars and eighty-five day scholars. The average attendance was ninety-five. The number who took lessons on the piano was forty. At the anniversary which was held at the Assembly Chamber of the State Capitol, on the 22d of May last, the following young ladies were graduated. Alma D. Conner, Flora E. Davis, Mary E. Megowan, Fannie E. Smith, Minnie J. Tukey, Hattie L. Culver and Carry G. Tryon. The young ladies of the seminary publish a quarterly magazine of about fifty pages, called *The Seminary Budget.*

Sacramento Business College.—Location, Library Building, No. 210 I street, between Seventh and Eighth; founded February, 1873; enlarged August, 1874, when it oocupied two entire stories of the building. The patronage has since rapidly increased, and more room being required, the building next to the court-house, on I street, has been fitted for occupancy, and opened to the public at the beginning of the new year. The Principal of an Eastern business college has been employed to take charge of the new department. The design of this college is to give young men a practical business education. Phonography and telegraphy are taught as specialties. The institution has connected with it one of the largest telegraph schools in the country. Faculty: E. C. course of instruction; A. L. Reed, Superintendent of Senior Department, and lecturer upon the science of accounts, business ethics and commercial law; F. R. Clark, Teacher of telegraphy and Superintendent of Junior Department; W. O. Holmes, teacher of commercial arithmetic and business correspondence, and Superintendent of actual business department; William Rider, assistant teacher of telegraphy; Win. J. Davis and P. K. Stockton, teachers of phonography. The *College Journal* is published periodically, for the benefit of those who wish to obtain information in regard to the school.

St. Joseph's Female Academy.—This institution, situated in the block bounded by F and G, Eight and Ninth streets, was established in 1857, under the auspices of the Sisters of Mercy of San Francisco. The Academy consists of a boarding and day school, and the day scholars and boarders are educated in the same class-rooms. Four hundred and fifty pupils were received into the institution during 1874, 60 of whom were boarders and 390 day scholars. The average attendance for the year was 350. The school is divided into senior, intermediate and primary departments. The branches of science taught in these departments are the same as those taught in all other academies. Besides the attention paid in the classes to vocal and instrumental music, there are five class-rooms in the building set apart for the purpose of giving special lessons on the piano. There is also attached to the institution a school for small boys, who receive the same attention from the teachers as the girls.

German School.—Principal, Rev. Matthias Goethe; Assistant, Henry J. Goethe, Jr. This school is located in the German Church, on K and Twelfth streets. It was established by Rev. M. Goethe. Number of pupils about 100; ages from 6 to 16 years. English and German, as well as the customary English branches of education are taught. German is an important feature of the school. The pupils may here acquire a practical command of that language now considered so essential to a good education. Pupils are received at any time, and charged from the time of entering $2 per month.

Sacramento Select School.—This school is located on Ninth, near L street. Teacher, Mrs. A. C. Curtis. It has been well patron-

ized from its commencement, now numbering 416 pupils; daily attendance, 59. All the English branches are taught, including writing and drawing. Age of the pupils, from 4 to 17 years. The marked advancement of the pupils in a short time is observed by all. The harmony with which they are governed and taught in the great variety of studies pursued is undoubtedly the result of long experience in teaching, and a thorough knowledge of the branches taught.

Young Ladies' Seminary—Corner of Seventh and M streets. William S. Hunt, Principal, assisted by two teachers. This school furnishes a regular collegiate course, to which is added a primary department, in which all grades are taught. Average attendance during the past year, 60. One hundred and twenty pupils of this school have become teachers, and are now teaching in the schools of this city and county.

Catholic College.—Funds are being raised by private subscription for the erection of a new college in this city, and, as might be expected, in a community proverbial for liberality, the movement is meeting with a decided success. Twelve thousand dollars have already been subscribed. It is to be located on the corner of Twelfth and K streets, which site has been purchased and paid for, at a cost of $3,100. When built, is to be presided over by the Christian Brothers, of San Francisco, who devote their time, talents and energy to the mental and moral culture of boys and young men. There wili be a day school for the boys and young men of the city, and a boarding school for all who may wish to attend from the surrounding counties.

All branches of science will be taught in the College, and thus an opportunity afforded to all, who will attend, to fit themselves for whatever calling they may wish to pursue in after life. It is to be self-sustaining; all pupils who can pay for their tuition will be expected to do so, yet no boy will be excluded because of poverty, or for not paying. The College is to cost $20,000.

Howe's High School and Normal Institute.—Is located on the east side of Sixth street, between J and K. E. P. Howe, Principal. The report from the school is as follows:

"Being upheld by no sect or party, and resting alone on the diligence, perseverance and reputation of its conductor, it has,

during the last year, enrolled over 200 pupils, and attained a standing unequalled by any similar institution in the State.

"The course of studies include those branches required to be taught in our common schools and those generally pursued in our higher institutions of learning. Those pupils who master it will be regularly graduated and receive their diplomas.

"Its course of instruction is thorough, and its methods of teaching systematic, and original, and the pupils attending this school are expected to be devoted to the improvement of themselves and one another in virtue and knowledge, and to no other object."

There are no vacations in this school, and scholars enter at any period.

Sacramento Home School—This school was established May, 1870, for the purpose of teaching pupils in Primary, Intermediate and German grades. Branches taught include orthography, reading, arithmetic, intellectual and practical, grammar, geography, history, industrial drawing and music. Number of pupils, 38. The school is situated on H street, between Thirteenth and Fourteenth streets, and immediately upon the route of the city street cars. Mrs. M. E. Hayden, teacher of drawing and music; Mrs. A. M. Hurd, Assistant; Mrs. F. M. Ross, Principal.

Primary School—Miss Mollie Mitchel, teacher, Third, between L and M streets. A school where the primary branches are taught by a careful and correct teacher.

Mrs. Newton's School.—Seventh street, between N and O. A home school for primary and intermediate scholars. Mrs. Mary Newton, teacher. The school has long been established and has a good reputation.

CHURCHES.

Trustees—Andrew Aitken, F. A. Russell, Felix Tracy, S. S. Nixon, C. S. Coffin, D. Johnston and W. Melvin; Superintendent of Sunday-school, Charles B. Bailey. There is a mission attached to the church, having a building on Fourteenth street, near O, with a large and flourishing Sunday-school, under the superintendency of Alexander Ingram.

Evangelical Lutheran Church—At K and Twelfth streets. This church was newly organized and incorporated at the commencement of 1868, under the pastorate of Rev. Matthias Goethe, who began his labors in September, 1867, and is still the pastor. The society is in connection with the General Synod of the Evangelical Lutheran Church of America. The Trustees are: H. W. Schacht, H. Winters, August Meister, Fred Lotthammer and James Popert. The number of baptisms during the year were 54; marriages, 34; funerals attended by the pastor, 32; additions to the church, 18. Religious services with preaching in German have been held twice every Sabbath. There is also a flourishing Sunday-school, under the charge of the paster, with a staff of 14 teachers. Number of children, about 200. The present church and school edifice, one of the finest in the city, was erected in 1873, at a cost of $15,000; it is still burdened with a debt of $7,100.

Kingsley M. E. Church—Eleventh street, between H and I; J. Lewis Trefren, pastor.—The society began its present enterprise about four years ago, by purchasing a lot on the northeast corner of I and Eleventh, 160 by 80 feet, and erected a neat gothic chapel on Eleventh street, with the expectation of erecting a fine gothic church on I and Eleventh at some future time. They also have on their grounds a parsonage and two tenement houses. about $4,000 have been paid on liabilities during the past year. The present liability on the property is about $5,500. The church is centrally located in a populous part of the city, and is in a a flourishing condition. Public services every Sabbath at the usual hours. David Deal, presiding Elder. Trustees—R. Walten, S. T. Smith, S. L. Hunt. Official meetings are held the first Monday night of every month. Number of members, including probationers, 177. The Sabbath-school, G. W. Fair, Superintendent, has a membership of 160. There is also a society called "Kingsley Young People's Mutual Improvement Society," connected with

the church, which has 68 members, and meets the second and third Monday evenings of each month, giving very interesting literary entertainments, and is one of the most vigorous literary societies in the city.

Congregational Church—Sixth street, between I and J.—The building at present occupied was erected in 1854. Rev. I. E. Dwinell, pastor. The society has a library of 1,200 volumes. Number of scholars in Sunday-school, 250, of whom about 80 are in the infant class, taught by Mrs. I. E. Dwinell and Miss A. H. Dwinell. There is a Chinese Sabbath-school, numbering about 30, of which Judge Cross is Superintendent. The American Missionary Association maintain an evening school for the Chinese in the room under the church, taught by Mrs. Solomon Denton.

St. Rose Church—Corner of Seventh and K streets; pastor, Rev. Patrick Scanlan; assistant pastor, Rev. Timothy O'Callaghan. Masses and vespers on Sundays at the following hours: First mass at 8 o'clock; high mass at 10:30 o'clock; vespers at 7 o'clock. Average attendance at first mass, 500; high mass, 550; vespers, 300. Sunday-school for boys in the church, from 2 to 3 o'clock P. M.; number of boys on the Sunday-school register, 300; average attendance, 250; number of Sunday-school teachers, 25. Sunday-school for girls at St. Joseph's Convent, presided over by the Sisters of Mercy, from 2 to 3 o'clock P. M.: number of pupils on the Sunday-school register, 450; average attendance, 350. In the year 1870 a parochial residence was erected on the lot next to the church, fronting on K street. It is a two-story brick building, with a basement, and very complete in every respect. The gentlemen of the congregation are now raising funds by private subscriptions for the purpose of erecting a new college in this city, and are meeting with a decided success, $12,000 having been already subscribed. It is to be located on the corner of Twelfth and K streets, which site has been purchased and paid for at a cost of $3,100. The college itself is to cost about $20,000.

Siloam Baptist Church—Fifth street between N and O.—Organized in 1855, with the number of 14. The number increased to about 55. Since then some have removed to other places, and some have died, which leaves the number at present about 30. The church property is valued at about $2,500, on which there is

African M. E. Church—Seventh street, between G and H; Rev. J. Fletcher Jordan, pastor. This church is reported in a moderately flourishing condition. Within the past year it has paid off a considerable sum of its indebtedness, besides purchasing a large organ; this with a regular attendance of about 40, and a Sabbath-school of 30.

Sixth Street, M. E. Church—West side of Sixth street, between K and L, Rev. A. M. Hough, pastor. Organized July, 1849. Two years ago this church edifice was raised to the new grade, a fine steeple added, and otherwise greatly improved, which makes it now one of the most conspicuous and handsomest buildings in the city. The following are the Trustees—P. Bohl, S. Tryon, B. R. Sweetland and J. L. Huntoon. President, Israel Luce; Secretary, L. S. Taylor.

Congregation B'nai Israel.—This congregation, of which Rev. H. Lowenthal is Rabbi, was organized in 1850, and has a very fine synagogue on Sixth street, between J and K. The indebtedness is small, and the congregation in a very flourishing condition. A portion of the basement of the synagogue is set apart for the teaching of children in Hebrew by Rev. Mr. Lowenthal. Number of members, 65. Officers—L. Elkus, President; M. Friedman, Vice-President; Marcus Wilson, Secretary; G. Haines, Treasurer. Trustees—Jacob Levison, A. Hamburger. School Commissioner, Jos. Davis.

First Baptist Church—On Fourth street, between K and L streets. This church was organized in 1850, and built the first Protestant church edifice in Sacramento. The present edifice was erected in 1854. Rev. H. Taylor is the present pastor of the society, which now numbers 230 members, having received 36 accessions during the year. The business interests of the church are committed to the care of a Board of Trustees, now consisting of Thomas Sayles, A. A. Guernsey, F. M. Shields, H. W. Earle, W. D. Stalker, John M. Avery and S. L. W. Connor. The society has recently purchased a lot 80x100 feet on Eighth street, between J and K, where they design soon to erect a new church edifice. There is in con-

$40,000, and that of teams, tools, etc., $20,000, making a total of $200,000. The buildings consist of a frame factory 100 by 45 feet; frame sugar storehouse 30 by 40 feet; a frame Superintendent's dwelling 20 by 35 feet, two stories; a frame boarding-house 35 by 45 feet; eight frame dwellings 24 by 30 feet; one frame Chinese quarters, 50 by 30 feet; a blacksmith shop 30 by 20 feet; three frame granaries, the first 85 by 30 feet, the second 20 by 40 feet, and the third 10 by 15 feet, three large frame cattle stables 100 by 40 feet each; one large frame tool and implement storehouse-shed, 20 by 30 feet; and four large frame stables, the first 60 by 30, the second 30 by 40, third 35 by 20, and the fourth 60 by 25 feet. They raised their own seed this year, at a saving of $4,500. They formerly imported 10,000 pounds. The cash business for 1873 equalled $190,000, and that for 1874, $300,000. Of the land operated, 385 acres are located in Davisville, Yolo county. The number of white men employed is 150, and that of Chinese, 500. The company owns its own barrel machinery. The works were in operation in 1873 for five months, and in 1874 for nine months.

Capital Gas Company.

This company was organized January 4th, 1875, and is a consolidation of the old Sacramento Gas Company and the Citizens' Gas Light and Heat Company. The old company was incorporated in 1855, with a capital stock of $1,000,000, and the new Citizens' Gas Light and Heat Company, was organized in 1873, as an opposition to the old company, furnishing gas at greatly reduced rates, but at a loss to the company. The present organization will run the old works until their retorts are burned out, when the new works will be used permanently. The new works are located on the river front, between T and U streets, running east to Front street. Their capacity is for 500,000 feet of gas for twenty-four hours, and was built in a most substantial manner, and the latest and most approved style. The officers of the company are: J. R. Watson, President; Oliver Eldridge, Vice President; Albert Gallatin, Treasurer; John Pew, Secretary; R. C. Clark, D. J. Valliant, C. H. Cummings, Wm. Alvord, Directors. John Q. Brown, Superintendent. Capital stock, $2,000,000; 40,000 shares at $50 each.

Pioneer Chiccory Factory.

These works are located on the Sacramento river, opposite Sutterville, and are under the management of Messrs. Harms, Palmer & Co., who have their office in this city, at 77 Front street. The lands of this company are about two hundred and fifty acres, with works costing over $20,000, and is conceded to be the most complete establishment of the kind in the United States. They

have been in operation about seventeen years, and are now producing one hundred and seventy-five tons of chiccory annually, which is held to be the finest article made.

Standard Chiccory Company.

The factory of this company is located on the American river, near Patterson's Station, Sacramento county. During the past year about sixty acres of the bottom lands were sown with chiccory, yielding about 700 tons of the green roots, of a superior quality. The number of men employed during the year has averaged fifteen. Legislation unfavorable to this interest has prevented competition in the Eastern market with importers of foreign chiccory, the import duty having been reduced from five cents per pound to one cent. Sufficient to supply the demand on this Coast is now raised in California, and with friendly legislation this State could supply the United States with chiccory, equal if not superior to any ever imported. Samuel Poorman, Manager; office southeast corner of Fourth and J streets.

Sacramento Smelting and Refining Company.

This corporation was organized in April, 1874, with a capital stock of $50,000. They have four blocks of land between North B and B, Twelfth and Fourteenth streets, on which they have erected works costing $25,000. Two blast furnaces and one refining furnace are in full operation, and, notwithstanding the establishment has been unfortunate in its selection of Superintendents (the third being now in charge since commencing operations), it is believed to be now on a firm basis, and matters are working smoothly. Smelting was begun on the 7th of July, and during the Summer 400 pounds of bullion has been produced. Officers: Julius Wetzlar, President; Samuel Poorman, Secretary; R. C. Woolworth, Treasurer. Directors—J. Wetzlar, R. C. Clark, H. O. Beatty, W. F. Knox, N. L. Drew, D. W. Welty, J. C. Gibson, A. Heyman, and Samuel Poorman. Office, southeast corner J and Fourth streets.

H. WACHHORST'S selection of Jewelry, Watches, etc., is the rarest in the State.

Capital Woolen Mills.

This establishment is located at Sixteenth and C streets. The company was incorporated April 30th, 1868, with a capital stock of $100,000; 1,000 shares at $100 each. They immediately began business by erecting a handsome and commodious building filled with the most approved machinery at a cost of $100,000 which was destroyed by fire on the 15th day of September, involving a loss of about $25,000 over the insurance, but the officers commenced rebuilding in November, 1874, and now the mills will be completed ready for running by the middle of May, with a full four-set mill. The officers at present are: Sylvester Tryon, President; George H. Swinerton, Vice-President; W. C. Felch, Secretary; Julius Wetzlar, Treasurer. Trustees: Sylvester Tryon, George H. Swinerton, W. C. Felch, Julius Wetzlar, John Suverkrup, Wm. H. Lyon, P. H. Russell, E. Klebitz, C. C. Hayden. Office, 45 Fourth street, and salerooms 219 J, between Seventh and Eighth.

Pacific Mutual Life Insurance Company of California.

Leland Stanford, President; John H. Carroll, Vice-President; Benj. D. Kennedy, Actuary; A. C. Valliant, Secretary; Directors: Leland Stanford, Hon. Newton Booth, Edgar Mills, Robert Hamilton, Samuel Lavenson, Frank Miller, L. A Booth, D. W. Earl, H. S. Crocker, E. B. Mott, J. H. Carroll, L. S. Adams, J. F. Houghton, R. C. Clark, and Edward Cadwalader. The company was organized in 1868, with a paid up cash capital of $100,000. During the seven years of its existence as a life insurance corporation, it has issued 6,086 policies, covering fifteen millions of insurance, upon which 121 death claims have occurred, on which the sum of $353,600 has been paid to the heirs of its deceased policy holders up to December 31st, 1874. The company holds accumulated assets amounting to $1,230,000, with 3,019 policies in force, covering $6,591,000 insurance. As showing the great care and skill exercised in the management of the company as a financial corporation, the total amount of *interest* received on its investments during the seven years, is $352,591 42, which pays within a thousand dollars the total amount of losses by death and matured endowments. 10

HEALD'S BUSINESS COLLEGE

24 POST STREET, SAN FRANCISCO.

E. P. HEALD,
President.

F. C. WOODBURY,
Secretary.

The design of this Institution is to impart to persons of both sexes a practical and useful Business Education. Young men are thoroughly fitted for Bankers, Merchants, Book-Keepers, Cashiers, Clerks and Salesmen by our great system of **ACTUAL BUSINESS TRAINING.** By this system, the pupil receives while in the school the same practice in conducting business affairs that he would in a *bona fide* Bank, Office, or Counting-House.

BRANCHES TAUGHT:

Single and Double Entry Book-Keeping,
Plain and Ornamental Penmanship,
Commercial Arithmetic,
Business Correspondence.
Mercantile Law,
Political Economy,
Actual Business,
Merchandising,
Insurance,
Banking,
Mechanical Drawing,

Brokerage,
Exchange,
Jobbing,
Mining,
Custom House Business,
Real Estate,
Telegraphy,
Commission,
Importing,
Forwarding,
Grammar,
Rhetoric.
Reading,
Spelling.

The SCHOOL-ROOM and COUNTING-ROOM

Are united upon a plan that secures to the student all the practical advantages of each. There is in operation a Banking House, with Checks, Drafts, Notes, Bills of Exchange, Certificates of Deposit, etc., fully illustrating the banking business.

The school-room is elegantly fitted up with

MERCHANDISING, JOBBING and IMPORTING EMPORIUMS,
GENERAL and NATIONAL BANKING OFFICES,
COMMISSION, FORWARDING and REAL ESTATE,
INSURANCE, EXPRESS and POST OFFICES.

For full particulars regarding the College, Course of Studies, Expenses, etc.,

SAN FRANCISCO, CAL.

HEALD'S BUSINESS COLLEGE

24 POST STREET, SAN FRANCISCO.

The Leading Institution of Business Training on the Pacific Coast.

This is the only school in San Francisco that makes a Business Education its distinct and separate specialty. Its teachers are competent and experienced. Its pupils are from the best class of young men in the State. It is under the very best discipline. Its Scholarships are good in the THIRTY-SIX Bryant & Stratton Colleges. It employs four of the best penmen in the State. It has the largest rooms, the largest attendance, and the most complete system of business training, of any commercial school on the Pacific.

YOUNG MEN AND LADIES

Wishing to prepare themselves for the practical duties of life, will find this the best school. Pupils learn just what they need to accomplish success, and do not meddle with superfluous studies. Each student receives separate instruction, and can thus advance as rapidly as desired, not being kept back by those more deficient. All persons passing the final examination in a satisfactory manner, will receive our finely-engraved GRADUATING DIPLOMA. Graduates of this College are in demand among Business Men, and can readily find good positions. Such as are in good standing are assisted in obtaining situations, if desired.

OUR BUSINESS COURSE

Is especially adapted to the wants of young and middle-aged men, who wish to prepare for the active duties of life, whether as book-keepers, salesmen, merchants, bankers, professional men, or even farmers or mechanics.

THEORY AND PRACTICE

Are combined in such a manner as to make each a powerful help to the other.

The Student ***Buys, Sells, Ships, Barters, Consigns, Discounts, Insures, Draws Checks, Notes, and Drafts, Gives Leases, Deeds, etc.,*** and goes through the entire routine of actual business. He becomes acquainted with changing books from Single to Double Entry, and *vice versa*, and also with Joint-Stock and Partnership Books, and every form and style of Book-Keeping practised in well regulated Business houses. ***Jobbing, Importing, Commission, and Banking*** are carried on with the students of the other Colleges in the Association—thus fully illustrating the methods of carrying on business and keeping books when there are different currencies. The pupil becomes familiar with all the calculations and entries connected with Legal Tender and Gold transactions.

SESSIONS CONTINUE DAY AND EVENING.

Clerks, mechanics, and others engaged during business hours, can secure a sound Mercantile Education by attending evenings only. There are no class systems to keep the pupil back; each can advance as rapidly as desired. No particular age or degree of advancement is required to enter the College. We have in operation an

ACADEMIC DEPARTMENT,

Where all the branches of an ordinary English Education are taught, for those who are too young or not sufficiently advanced for the Business Course. Visitors are always welcome at the College.

FURTHER INFORMATION.

Young men and young ladies should obtain full particulars regarding this useful Institute of Practical Education. Now is the time to get an education. Use the present, and you can trust in the future. Competent persons are wanted in all departments of industry. In order to learn all about this school, send for

HEALD'S COLLEGE JOURNAL,

Which is issued monthly, by the College, and contains full particulars regarding the Course of Studies, Expenses, etc.; also, a large amount of interesting reading. It can be obtained, free of charge, either at the College Office, 24 Post Street, or by addressing
